Part 12: Store Settings

Store Name	
Store Address	
Default Weights • Pounds • Ounces • Grams • Kilograms • Tonnes	
Default Dimensions • Inches • Centimeters	
Administrator email	
From email	
Time Zone	
Local Store?	
Taxes – What sales Tax needs to be computed	
PayPal API information/login	
Shipping – What do you want to charge, how do you ship, where do you ship	
FED Ex or UPS – If you want to use them for overseas shipments, go sign up for an account. This is your judgement call, I normally like UPS but if you have good experience with FedEx, go with it. If you want to restrict purchases to the US, this may not be needed.	
For UPS, first sign up here https://www.ups.com/myups/registration?sysid=myups&loc=en_US Then when you are signed up here https://www.ups.com/upsdeveloperkit?loc=en_US	
Coupons and discount rules – Are there any you want to start out with? Free shipping over $X purchase, 10% off for families, etc?	
Facebook – Add me as an administrator on your page
